We believe in challenging with innovative form that touches people. To build a society where everyone has room to grow. And we believe in creating it together.
White has vitality. This means we can distil all the good experience from our 60-year history and use this every day as we create solutions for a generation that hasn’t yet been born.
WE BELIEVE IN
– Hållbar arkitektur och design
– Socialt engagemang
– Starkt fokus på våra kunder och brukare
– Nyskapande form kan bidra till hållbar samhällsutveckling
– Multidisciplinära team
OUR COMPETENCES

We are a multidisciplinary practice. By taking an integrated approach and combining the different areas of expertise in everything that we do, the result is a collective effort in which everyone shares the same sustainability vision.

For us, sustainability means taking responsibility.

Specialists within the environment field since 1997, and in social sustainability since 2009. Certifications in compliance with standards such BREEAM and LEED.

Founder and Chair of the Swedish Green Building Council.
Innovation is at the core of our practice and culture and we invest heavily in research, development and training. We have built up our research capabilities over six decades to support our projects with latest developments, needs and opportunities, trends and behaviours. A network operates throughout the practice to share experiences and lessons learned.
